

JOURNEY OF A PLEDGE

Shayna makes a pledge to the United Way of Randolph County during her annual workplace campaign

Lee starts an early childhood program like Community Childcare Learning Center.

Lee and his family have access to free, healthy food choices through Christos Center, which means they can work less and take Lee to extracurricular activities.

Lee learns leadership skills through youth programs.

Lee graduates from high school, opening doors to many opportunities, like trade school, college, and a strong career path.

In turn, Lee helps build a strong community and can become a donor and volunteer

Now, Lee can provide the next child with the same opportunities.

And to think it all started with someone like you!
